No injuries or property damage to report.

3. SAFETY MEETING REPORTS FROM SCHOOLS

School reports will begin next month.

4. CENTERS SAFETY CONCERNS

Sand collecting on the sidewalks at the sandboxes was mentioned as a safety concern for children and staff; sand creates a slippery surface. This situation is managed by center staff sweeping the area as needed throughout the day.

5. NEW BUSINESS

This summer Penny investigated sanitizing/disinfecting solutions that would deliver consistent mixing results, that would allow a quick turnover in kitchen/dining/diapering areas, and would be safe. As yet, we have not found a product to meet our needs. We will continue using bleach for sanitizing/disinfecting in our centers while we continue the search.

*The next meeting is scheduled for September 18, 2015; 8:30 a.m. at the Main Office.
Come join us!*
